CERTIFICATE OF APPRECIATION

The Secondary School Pakrac sincerely thanks
The Centre for the Blind and Visually Impaired, Škofja
Loka

for your warm hospitality, professional support, and
commitment during the implementation of the Erasmus+
project "Care4Unity".

Your professionalism, excellent organisation, and
openness provided our students with an invaluable
experience of learning, working, and personal
development.

Thanks to your efforts, this mobility was much more than
an educational stay – it was a source of inspiration and a
catalyst for their further professional growth.

We look forward to future cooperation and new steps
together towards a more inclusive and connected
society.

Sincerely,

Dario Čilić

principal
